The goods produced by OJSC “BCPI” are ecologically clean and of high quality. A careful quality control goes from the selection of raw materials till finished products. This is confirmed by the Certificate of Conformity of the quality management system according to STB ISO 9001-2009 requirements. Also we have Safety and Health Certificates of the Ministry of Health of the Republic of Belarus and Certificates of Conformity.

The use in the production of the best Swiss dyestuffs and import equipment allows the company to produce high-quality goods which favorably differ from the goods of the competitive companies. All fabrics and ready-made goods have excellent physical and mechanical properties; they are resistant to washing and mechanical influence, require minimal care and are durable.

Annually the specialists of our design-studio visit largest international textile exhibitions and trend-shows which are the source of inspiration and new ideas for creation of exclusive collections.

A wide selection of goods of OJSC “BCPI” will satisfy needs of different customer categories. More information about our enterprise and our goods you can get from our price-lists as well as on our website www.blakit.by
